A RESOURCE FOR SMALL BUSINESSES

Mountain BizWorks' **WNC Strong: Helene Business Recovery Fund** supports western North Carolina small businesses as they recover from the effects of Tropical Storm Helene. This rapid recovery loan helps small businesses bridge the gap between when the disaster strikes and when federal loans, insurance payouts, and other disaster relief funds are approved, or businesses have time to recover and get back to business.

This is NOT a grant program. These rapid loans are designed to help impacted businesses meet immediate needs and bridge to more long-term resources. These loans are not designed to be the primary source of long-term recovery assistance for small businesses and borrowers are expected to pursue other funding sources, including SBA Physical and Economic Injury Disaster Loans. Repayment is expected upon receipt of funding from more permanent sources.
